Coronavirus Staff Update

As you know, everyone at the home is doing everything they can to make sure that residents are happy and continue to be cared for throughout this Coronavirus pandemic.

While we still have challenging days ahead, I am sure that we are all pleased to see the number of new symptomatic cases slow down and fingers crossed this continues.

It is also fantastic to see so many familiar faces now back at work and that we are now almost back to full strength.

While our focus remains on caring for our lovely residents, there is understandably still considerable media interest in care homes and in our nursing home too.

The county council is supporting us with any press enquiries, and I would ask that if you are approached by the press you continue to refer them to the home's management team.

Finally, I would like to say a huge thank you to you all for the incredible efforts you are making to care for our residents during these truly difficult times.

We thank you for your understanding at this time.

Caring because we care
